Treatment of Domestic Animals(According to Matkhoji Materials)

S u m m a r y

Various methods and means of treatment of the diseases of domestic animals have been presented in Matkhoji (Khoni district) materials.

Both the traditional and the original means have been used.

In order to treat some diseases various means, such as herbs, animal fats, tobacco, etc., have also been utilized.

Incantations, as a magic form of treatment, is also widespread.
