Collected in the Village of Kvaloni)**

S u m m a r y

In the Kvaloni materials the following dream imaginary symbols have been attested: buffalo, soap, horse, pulling out a tooth, cutting the hair, fruits, laugh, crying, a ring, a lighted church, black clothes, key, wedding-party. According to the people's beliefs, a dream tells about the future symbolically.

There are various means in order to prevent bad dreams from coming true.
