

TEIMURAZ GVANTSELADZE

THE ETHNIC CONSTITUTION OF THE POPULATION OF ILORI AND TSEBELDA ACCORDING TO TWO LAPIDARY INSCRIPTIONS OF THE 11-13TH CC.

Lapidary inscriptions found in the territory of the province of Abkhazeti do not show that present Abkhazians are the native population of the region, Moreover they are not visible on this Land till 1562. Grave inscription attest that autochthon population of the region are Georgians, namely, Zan language population.
