REGIONAL CHARACTERISTICS OF THE GEORGIAN FOLK FARMING
TRADITIONS AND OF SOME FOLK TERMS

The paper discusses farm buildings and receptacles common on different regions of Georgia (as Begeli, Khula, Nalia, Sasiminde, Kidobani) and the variety of the farming tools (Sakhvneli, Sapshvneli, Satsekhveli /Chamuri/ Ochamure, Dingi, Gelazi). It is also noted here that several of these items are common for all of the Georgian tribes.
