SACRED NUMBERS IN EXORCISM

(Contrastive Analysis According to the Materials of Dialectology Institute)

Sacred numbers one, three, seven, nine etc. are often mentioned in the materials recorded by the dialectology Scientific –research Institute, as well as in the scientific literature.

Studying the beliefs connected with the symbolics of sacred numbers in the exorcism of Okriba, gives us important information, although they originated in the earlier times in the thought consciously, or unconsciously, they still exist a form of our cultural traditions.
